# WELCOME TO SAINT PAUL, MN

**YOUR CHAMPIONSHIP RUN STARTS NOW**

You made it to the show. Now it's your chance to show the world what you've got. For the fifth consecutive year, the Ice Cross Downhill World Championship has taken over the streets of Saint Paul, and this season looks to be the most competitive yet. Year-round specialized training, team competitions and a growing global fan base have made this a truly international event.

Over 120,000 fans crowded around our track last year, this year promises to carry the same electric atmosphere. By February 27, after 2 days of hard fought competition the top athlete in the world will be crowned.

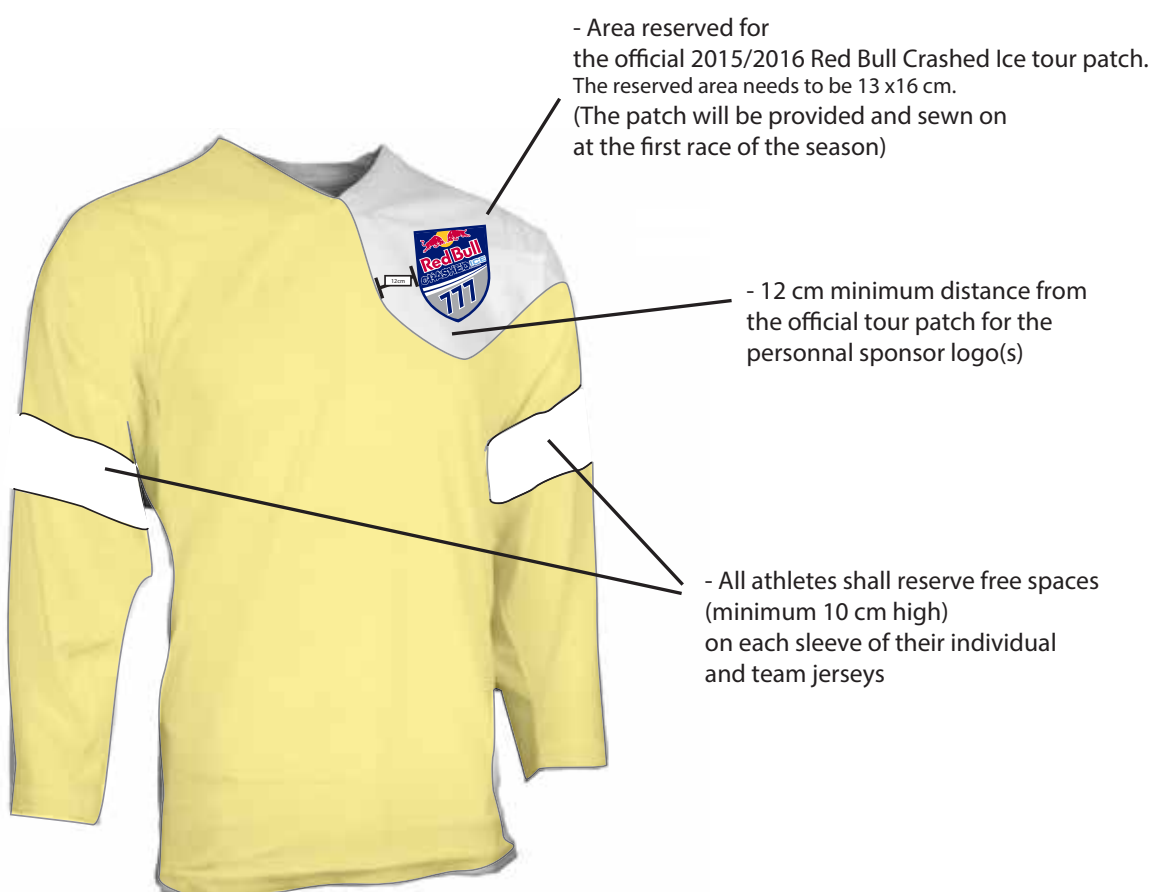

## THE COURSE:

### PUSHING THE LIMITS

From the steps of the Saint Paul Cathedral pours the biggest and fastest Ice Cross Downhill track the US has built yet. With deeper drops, faster bridges, and a nasty wall ride, 2016's course will push the limits of physics and our fleet of world-class athletes.

# JERSEY REQUIREMENTS
